RE: Site Inspection, Ken Brown, Firepit 1-4, S/053/034, Washington County, Utah

Date of Inspection: April 14, 1999
Time of Inspection: 11:30 a.m.
Conditions: Warm and Clear
Participants: Lynn Kunzler and Doug Jensen, DOGM

Purpose of Inspection: To evaluate site conditions.

There has been very little activity at this site for several years. About 1/2 acre has been disturbed over the life of this quarry. Most of the disturbance has vegetation established on it (volunteer). Several piles of overburden (3-4 feet high) have been pushed up.

This site is in compliance. Permit fees were paid for 1998 and the annual report was submitted. A GPS was used to determine UTM coordinates (North 4121691, East 295259).

Photos were taken of the site.
